ULTRA-HIGH-PERFORMANCE TREATMENTS

5 TREATMENTS INSPIRED BY THE FIELD OF ESTHETIC MEDICINE

VIE Collection treatment protocols can be used as a supplement or an alternative to esthetic medicine procedures. They echo the latest trends in the most commonly practiced dermatological rejuvenation and cosmetic procedures.

Developed in close collaboration with a consulting esthetic doctor, VIE Collection targeted treatments offer clinically proven anti-aging results from the very first treatment:

PEELS

I ACID PEEL Renewing Resurfacing Treatment 20 %

Medical esthetic inspiration: ACID PEEL for complete skin resurfacing.

Dark spots fade: - 15%⁽¹⁾

Wrinkles diminish: - 14%⁽¹⁾

I RETINOPUR Anti-Imperfection Peel Treatment 30%

Medical esthetic inspiration: INTENSIVE PEEL with AHA-BHA to purify the skin and correct imperfections.

Skin is purified: 100%⁽²⁾

Imperfections are reduced: 100%⁽²⁾

TARGETED TREATMENTS

I 3D WRINKLE Smoothing Densifying Treatment

Medical esthetic inspiration: hyaluronic acid, botox® and growth factor INJECTIONS to smooth lines and wrinkles.

Expression lines are smoothed: 91%⁽³⁾

Deep wrinkles are less pronounced: 91%⁽³⁾

I MÉSOFORCE Revitalizing Plumping Treatment

Medical esthetic inspiration: MESOTHERAPY to instantly revitalize and plump the skin.

Skin is rehydrated: 100%⁽⁴⁾

Skin is revitalized: 100%⁽⁴⁾

I L-THERAPY Photo Youth Beauty Treatment

Medical esthetic inspiration: LASER and LED LUMINO-THERAPY for more firmness, radiance and evenness.

Skin tone is evened out: 86%⁽⁵⁾

Skin is densified: 81%⁽⁵⁾

Tested under dermatologist supervision:

⁽¹⁾ Visual scoring on 23 volunteers. ⁽²⁾ Satisfaction test on 24 volunteers. ⁽³⁾ Satisfaction test on 23 volunteers. ⁽⁴⁾ Satisfaction test on 31 volunteers. ⁽⁵⁾ Satisfaction test on 21 volunteers.

INTENSELY ACTIVE FORMULAS

ALL THE MOST POWERFUL INGREDIENTS TO CORRECT SKIN AGING

VIE Collection is not limited to just one star ingredient. The LABORATORY selects and combines all of the most powerful benchmark ingredients. Used in optimal concentrations, they are combined with molecules at the forefront of anti-aging research to visibly correct skin aging.

REGIMEN FOR USE PRE/POST-PROCEDURE

VIE Collection's consulting esthetic doctor has defined an ideal treatment program for before and after an esthetic medicine procedure:

I BEFORE THE PROCEDURE

In the treatment room: ACID PEEL Treatment (1 to 3 treatments over 4 weeks*)

At home: NIGHT PEEL or GLYCO 10

I AFTER THE PROCEDURE

AFTER AN ACID PEEL

In the treatment room: ACID PEEL Treatment or RETINOPUR Treatment (1 treatment per quarter*)

At home: ACCELERATED RECOVERY CREAM or RETINOPUR Fluid + MELA WHITE SPF30

AFTER MESOTHERAPY

In the treatment room: MÉSOFORCE Treatment (1 treatment per quarter*)

At home: MÉSOFORCE Cream + VITA C

AFTER HYALURONIC ACID - BOTOX - EGF INJECTIONS

In the treatment room: 3D WRINKLE Treatment (1 to 3 treatments over 4 weeks then 1 treatment per quarter*)

At home: CHRONO LINES + CHRONO EYES

AFTER LASER - LED LUMINOTHERAPY

In the treatment room: L-THERAPY Treatment (1 to 3 treatments over 4 weeks then 1 treatment per quarter*)

At home: LASER LIGHT CONCENTRATE + MELA NIGHT + MELA WHITE SPF30

*After an esthetic medicine procedure, it is recommended to wait at least 15 days before receiving a treatment.

SOLID CLINICAL RESULTS

SCIENTIFICALLY PROVEN ANTI-AGING EFFECTIVENESS

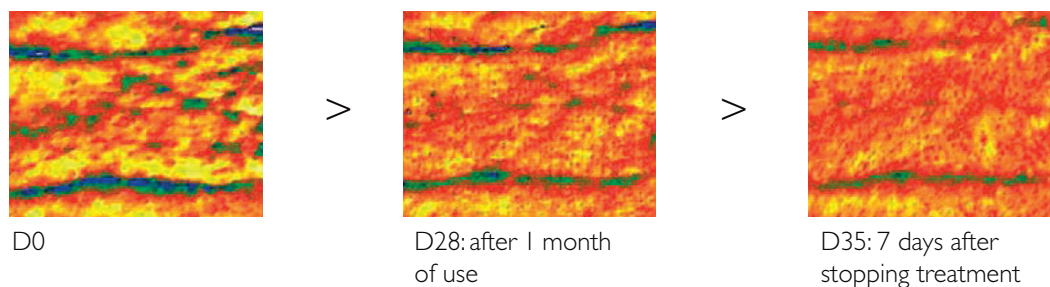

VIE Collection conducts advanced tests on its ingredients and formulas to clinically measure their effectiveness. In addition to the professional opinion of the brand's consulting esthetic doctor, all products and treatments are subjected to in vitro and in vivo studies conducted by independent laboratories.

Technical files summarize and explain these clinical results for each new product or treatment and serve as very effective sales and training tools.

Extracted from the TIME CONTROL Deep Wrinkles EGF⁽¹⁾ Serum technical file:

I LASTING AND PROLONGED SMOOTHING EFFECT ON WRINKLES AND FINE LINES ⁽²⁾

Maintained 7 days after stopping TIME CONTROL.

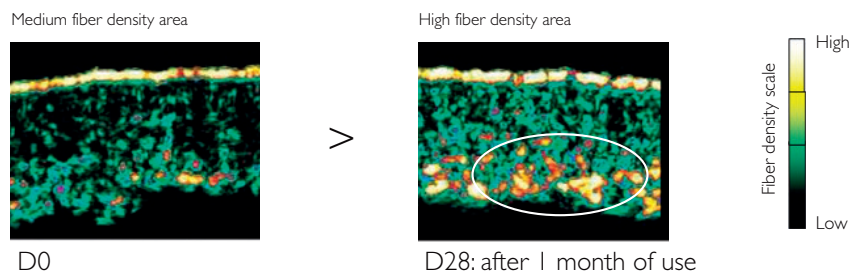

I DEEP WRINKLES SMOOTHED FOR MORE THAN 7 OUT OF 10 WOMEN ⁽³⁾

Smoothed and unwrinkled skin.

I PROVEN DENSIFYING EFFECTIVENESS IN 1 MONTH ⁽⁴⁾

Densification of the skin matrix measured on 82% of volunteers.

⁽¹⁾ Epidermal Growth Factors. ⁽²⁾ Measurement of the smoothing and anti-wrinkle effect on crow's feet. Instrumental test on 24 volunteers after twice-daily use. 2D illustration of one of the best results. ⁽³⁾ Self-evaluation by 24 women, after twice-daily use for 28 days, under dermatologist supervision. ⁽⁴⁾ Measurement of the densifying effect on the jaw area. Instrumental test on 24 volunteers after twice daily use. Illustrations of one of the best results.
